

The Institution has an active international student cell to facilitate study in India program etc., Response:

Globalization refers to educational, economical, cultural and political inter-relationships that are driven by human migration, international trade, and exchange of policies across national borders. Studies in dental care is rapidly expanding around the globe to include internships, externships, Observerships, novel teaching learning programs and innovative research. Keeping global perspective in mind academic courses are designed accordingly for international students. The institute has an active International Student Cell and it is look after by Alumni Committee, which expedite and promote outbound externships/observership and also modulates inbound students to India for externships/observership.

The role of the International Student Cell (ISC) towards institutional Alumni students encloses –

1. Promote internationalization at MIDS R Dental College, Latur by acting as a central coordinator and facilitator of all internationally related initiatives and activities.
2. Encouraging Global Tie Ups and Collaborations for Externships, Exchange and Research.
3. Arranging necessary documents like, reference/referral letter/transcripts from the institute to the students who are willing to study abroad or for the students who qualify exams to study abroad.
4. Providing Career Guidance and Academic Support to students who wish to study in Foreign Universities in Association with Alumni Committee.

The role of the International Student Cell (ISC) towards travelling students encloses –

1. Arranging Logistic and Academic Support for the travelling students.
2. Provide regional language learning facilities and orient them to regional culture and tradition.
3. Provide fulltime undergraduate, postgraduate degree and research program are offered at our institute for betterment of international students.

Many passed out undergraduate and postgraduate students from our institute are working abroad under renowned universities. Two of our undergraduates pursuing Masters in Public Health at Deakin University Melbourne. Recently one of our student has started study in Health Care Management in Canada at Fanshawe College, London, Ontario. Alumni Committee of MIDS R Dental College, Latur nurture international tutoring within campus and endeavor to encourage international understanding and global awareness.
