FOUNDER'S MESSAGE

The foundation of MAEER's MIT Group of Institutions rests firmly on the philosophy espoused by the great noble son of India, Swami Vivekananda who said: "The union of Science and Religion/Spirituality alone will bring peace to the mankind".

We aim to provide the finest motivating & inspiring environment to our students for learning, teaching, research, innovation and character building to help them become "physically strong, mentally alert, intellectually sharp and spiritually elevated" and thereby turn into "winning personalities"

In keeping with the Vision and Mission of MAEER, the various institutes under its aegis have taken long strides. The journey is a continuous one, with students joining the "caravan", travelling along and then parting when their goals are accomplished. You will always be proud of being a 'MITian' and will surely go on to make your mark in the world.

An integral part of MAEER's Pune family, MIDSR Dental College, Latur have never failed to amaze me its untiring activities and fast growing success. Here, at MIDSR Dental College, Latur the term education encompasses more than just knowledge and knowing. It is a harmonious blend of academia, arts sports emotions attitude, creativity, nature and life itself. Today I am proud to address this communion of talented and young budding dentists. I congratulate the institute of MIDSR Dental College, Latur for coming out with their much annual college magazine.

I have always believed that excellence is never an accident it is always the result of high intention sincere efforts intelligent direction and skillful execution. These words of wisdom best describe the present state of MIDSR Dental College and Hospital, Latur. The Principal, the dedicated faculty and the ever enthusiastic students have made this possible. Lastly I would like to wish each member of MIDSR Dental College, Latur a bright and successful future ahead.

Prof. Dr. Vishwanath D. Karad Founder, Executive President & Managing Trustee Maharashtra Academy of Engineering and Educational Research (MAEER), Pune, India

EXECUTIVE DIRECTOR'S MESSAGE

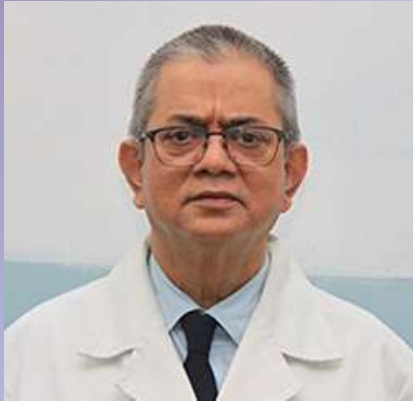

Management is committed to promote Education to unserved and down trodden population. Management has firm belief in the ethos and culture of India which always worships the knowledge.

Experienced faculty in various specialties give Practical / Clinical / and Basic Teaching to reach the objectives of value based training in Fundamentals of Dental Education to prepare medical graduates with necessary competence to shoulder the responsibility of best health care services to the community at large.

PRINCIPAL'S MESSAGE

"EDUCATION IS A SHARED COMMITMENT BETWEEN DEDICATED TEACHERS, MOTIVATED STUDENTS AND ENTHUSIASTIC PARENTS WITH HIGH EXPECTATIONS"

The aim of this Dental College is to provide unmatched qualitative education par excellence to develop the best happiness of learning. Our concerted effort is towards retaining smiles on the faces of the students & their parents with an earnest attempt to provide the knowledge of dentistry with all recent technical advances along with abundant clinical material. At MIDSR Dental college, we believe that every mind is unique and we ensure that the students training with us grow up as mature, responsible doctors and excellent human beings.

Our education is not just imparted through books and lectures but we ensure a holistic teaching methodology. From our smartboard equipped classrooms to highly sophisticated preclinical labs a young undergraduate is given complete training to handle patients in clinics. Our OPDs have a high number of patients which are a record in this area.

The College also organizes conferences from time to time which gives our young minds a platform to interact with the best in various dental fields and think in a broader way. We also ensure cultural, co-curricular activities in the campus which is very important for personality development. We also have a strong alumni network which is essential for guiding our youth to various new

opportunities and also to support them in their primary years of practice as doctors.

It is our constant endeavor to instill in our students the qualities of self-discipline, commitment and integrity which will ensure that they will be able to build successful professional lives for themselves. It is important to mould our students into smart, confident young people but much more important, is to make them sensitive, caring and responsible doctors.

Towards this goal we have been organizing public health awareness and treatment camps through which we have reached thousands of people of our district.

We provide policy training to our students and prepare them to practice dentistry, with knowledge and understanding of many different patient populations, dental specialties, and varied practice settings. This education occurs in an ethical and professional environment in which quality dental care is provided to our patients.

The college memories are captured in pages to remember the years spent together. Those years that has been the formative years of one's life.

Magazine Committee Message

\

Greetings from the Magazine committee of the annual magazine of "MIDSR Dental College, Latur".

The journey to a destination begins with a first step; and a first step is the essence of life that connects you to its foundation. Therefore, this magazine aspires to be the foundation of all literary compilations, an expression of thoughts, creativity, and a voyage of the explorations and experiences. Annual college magazine is a portal of bringing forth the exhilarating journey of the past year. It is an expression of creativity by the staff and students; earmarked as the compilation of the very best of the institute manifested in the form of this magazine.

*The core of education is education of the heart. The famous female education activist and the youngest Nobel Prize laureate **Malala Yousafzai**, believes that the pen is more powerful than the gun. Through her writings she has ignited an international movement towards education of women and children. Therefore, you can be the change and bring about a change through words well-articulated. The golden period of human life is considered to be the formative years spent as a student.*

An integration of the reminisces gives life a purpose and meaning. Therefore, this annual magazine is intended to be a glorious reflection of the various

*experiences spent in MIDSR Dental College, Latur,
which can be fondly lived with turning over of
every page and remembered in the years to come,
as blissful Amyls.*

*Finally dear reader's it's time to shed a little spotlight
on all the corners of the creative world. The
magazine committee has toiled hard to provide a
platform for all the artists, poets, & writers. We also
have tried to explore new ways of engaging you,
our readers, with a dive into creative conversations
and showcasing groundbreaking work adding on
some amount of fun. Therefore, it's time to indulge!
I would also like to extend my thank you to the
Principal, student members, the staff, and
administrators who have been the lifeblood of
College magazine. The effort is cherished and
appreciated.*

Together lets embark on this journey....
