Circular

All the teaching staff has been informed that college is conducting a student mentorship program dated 12/01/2023. In this program, every staff is allotted 10 students. The details of the program and the list of students allotted to each staff are given below. All staffs are requested to address the students if they have any problem related to academic and keep the record for the same.

Chairman

Student Council Committee

Sop for Mentorship Program

Our college has a unique mentor interaction system where the students from first year to final year are allotted Mentors.

- Every mentor (staff member) is allotted 10 students (Mentees) who monitors the progress, guides and motivates the student.
 - Mentor should maintain a register of the student's attendance and progress academically. The mentee is encouraged to meet the mentor once in 3 months during college hours.
 - There are two chief mentors appointed for I BDS, II BDS, III BDS & IV BDS who coordinate with the mentors of the respective years.
 - For PGs their respective guides are considered as their mentor.
 - Principal calls for a meeting every 6 months, during which all the problems of that year are addressed and brought to the notice of the concerned authorities.
-

Ideal mentors are those who will be able to:

- 1] Commit to the time and communication requirements as mutually agreed upon between mentor and mentee. At a minimum, there should be one interaction per month (via face-to-face, email or phone)
 - 2] Teach mentees about the value of a College education
 - 3] Provide career guidance and advice
 - 4] Complete mentor program surveys and evaluations at various intervals throughout the year to allow us to continue to build and improve the program
-

Benefits of Mentoring:

While the advantages of a mentoring program for our students are obvious, mentors also benefit from the program.

- 1] Connection to the College in a deeper, more meaningful way.
- 2] Encourages your own personal and professional growth.
- 3] Enhancement of coaching, leadership and management skills
- 4] Development of lasting career network
- 5] Experience personal satisfaction by helping an emerging professional reach his/her potential

Guidelines for establishment and dissolution of Student Councils

The college after consultation with teachers draws up rules for the establishment of a Student Council, having regard to the following basic principles:

- The Student Council shall promote the interests of the college and the involvement of students in the affairs of the college, in co-operation with the college and teachers:
- The Council should, as far as is practicable, be representative of the student community.
- The college shall at all times retain the right to dissolve a Council or remove a Council member, in accordance with these guidelines.
