DEPARTMENT OF ORAL PATHOLOGY

SPECIALIZED MICROSCOPE TRAINING

PROGRAMME 2022-2023

About the training:

This training is offered by Department of Oral Pathology, MIDSR College Latur. This Microscopy training is an understanding of the theoretical background as well as practical skills of various types of microscopes. Practical training demonstrations will be provided with an introduction to light microscopy and operation of a various types of specialized microscopes like Phase-contrast microscope, Polarised and Fluorescence microscope.

Learning outcome:

After this training, you will be able to identify and understand the basic principal components of simple and compound microscope, working principals and advances of specialized microscope, its set-up and uses.

Objectives of the Training:

- To identify and understand the working principal of simple and light microscope
- To identify and understand the working principal of specialized microscope
- To understand the microscopic advantages.

Eligibility- All Intern -students can join the training.

Training certification:

The Training will be conducted by Department of Oral Pathology and Microbiology, MIDSR College Latur; participants will be presented with the certificate.
