Date: - 30/05/2017

To,
The Principal,
MIT Maharashtra Institute of Medical Sciences and Research (MIMSR)
Vishwanathpuram, Latur

Attention: - Dr. Sarita Mantri.

Sub:- Billing of the Solar energy.

Respected Madam,

As you aware that we have completed **Ist and IInd Phase (Together) 500 Kwp PV Solar power** generation plant at your Premises in the Month of April 2017. Necessary testing and resolving the snag points have been completed. We are constantly in touch and recording the Performance of the Solar Pre metering installation. It is observed that:-

| Description | Unit | Range | Remarks. |
|--------------------------|------|----------------------|---|
| Kwh Generation / per day | Kwh | Kwh 750 to 2100 Kwh. | As this is a moderate installation and to get the aesthetic look we have gone ahead for installation of Total capacity. |
| Performance ratio. | In % | 40% | Based on the generation as per the available record. |
| Kwh Per Wat Peak | Kwh | 2.74 to 3.96 | Based on the point no I above. |

Please note: - As per the PPA Agreement

For Pre Net Metering:-

| | |
|-----------------------------------|------------------|
| Capacity | 200 Kwp |
| Guaranteed Off Take of power | 308600 Kwp/ year |
| Solar Tariff (Flat For 15 Years) | 6.25 Rs per Kwh |

For Post Net Metering:-

| | |
|---------------------------------------|---|
| Capacity | 500 Kwp |
| Guaranteed Off Take of power | 100 % of the Generated Kwh Energy |
| Solar Tariff (Flat For 15 Years) | Rs 6.25 per Kwh. |
| Minimum OFF take as per the agreement | 1543 KWH/KWP/year |
| Total Generation Off take | 771500 KWh |
| Billing Period | 1 st May 2017 to 30 th April 2032 |

Principal

Website : www.mitmidsr.edu.in

As indicated above, the Pre and post net Metering installation has been completed. As per procedure after installation of Solar panels and sanction from MSEDCL the Net meter will be procured and installed at Incomer of the premises. This will interface between MSEDCL Power intake and our Solar Generation. After installation of net metering the premises will consume power from solar generation as per requirement and remaining power will be transferred to MSEDCL grid as Export power.

We are in the process obtaining Net meter from MSEDCL. Generally the process takes one month. Till this the Solar generation will be obtained and consumed within the premises with positive control of Reverse power feed controller. This will not permit our Generated power flow to MSEDCL Network by reducing the generation capacity as per the requirement.

The work is in process as per:-

1. **Procurement of Metering Kiosk and installation (Completed)**
2. **Procurement of Transformer and installation if required,**
3. **Conducting Feasibility survey from MSEDCL and obtaining the permission (Completed).**
4. **Obtaining the Net meter sanction and installation after duly testing the same from MSE Testing Division. (By 1st June 2017)**

Kindly note that, as per our PPA agreement, the billing for the recorded solar power will commence from 1st May 2017 on a monthly basis. The rate of the generated energy is Rs 6.25 per Kwh. The necessary format for taking Joint meter reading and the recording of Generation is enclosed for your information and further action please.

As per the PPA agreement the Payment schedule is:-

“7.4 Time of Payment

- 7.4.1 Power Producer shall submit monthly invoice on mutually decided date **(Generally before 7th day of every month)** in the format specified as per schedule IX and monthly invoice submitted later then the date specified shall be considered for certification in subsequent month.
- 7.4.2 Purchaser shall pay all amounts due hereunder **within Ten (10) days after the date of the receipt** and acceptance of the invoice in Power Purchaser's office (“Due Date”).”

Billing MANUAL For Solar for MIT MIMSR Latur.

For paying invoice, raised for Solar Power Generation by Power Producer.

MIT Group of Institutes has signed a PPA with (1) M/s Instill Technologies Pvt Ltd, (2) M/s M/s RelyOn Solar Pvt Ltd for installing a solar power plant of 200 KWp pre net metering and 500 KWp post net metering at a rate of Rs 6.25 per KWh for a period of 15 years.

Pre-net metering Guaranteed Off take 308600 KWh/ year

Post net metering Generation Guarantee 100 % of the Generated KWh/ year

The procedure given below should be followed for payments due for solar power generation over the life of the project.

1. On the first day of every month a representative from MIT and a representative of RelyOn will take a joint meter reading (JMR) of the meter installed near the LT panel of MIT campus.
2. This report will be jointly signed by both the parties. In case of absence of any representative, the reading taken by the available representative will be recorded for invoicing.
3. Once the report is signed, RelyOn will raise a bill to MIT in the format given below in Appendix 1
4. The JMR copy should be attached along with the invoice.
5. Every month MIT will pay RelyOn an amount equivalent to the product of Rs 6.25 per KWh and recorded generation as per JMR report.
6. At the end of 12-month period, RelyOn will take report from the controller about the deemed energy lost if any and arrive at KWH such lost in one full year.
7. The amount due to RelyOn will be recorded as Rs 6.25 x Energy Lost
8. MIT will check for the generation guarantee committed by RelyOn for the 12-month cycle and record it for both pre-net metering and post net metering scenarios.
9. For pre-net metering capacities MIT will evaluate the average guaranteed offtake per month (Annual Guaranteed offtake/12).
10. For pre- net metering capacities, if the generation (recorded generation + Deemed generation if any) is greater than average monthly offtake, MIT will pay only for average monthly offtake x Rs 6.25 per KWh
11. For post net metering capacities, If the (Annual Recorded energy + deemed Energy if any) is greater than guaranteed generation (1466 KWh/ year/ KWp per year (For 1st Year) and reduction as per applicable year) MIT will pay RelyOn an amount equivalent to Rs 6.25 per KWh x Deemed Energy if any in addition to the monthly invoice amount.
12. For post net metering capacities, if the (Annual Recorded energy + Deemed Energy if any) is lesser than guaranteed generation (1466 KWh/ year/ KWp per year (For 1st Year) and reduction as per applicable year), MIT will raise a debit note to RelyOn for an amount equivalent to the amount of (MSEDCL Gross Tariff- Solar Gross Tariff which is Rs 6.25 per KWh) x (Guaranteed Generation – Recorded Generation – Deemed Generation if any)
13. Monthly Deemed generation report if any from the controller should be attached along with the invoice of that month. No subsequent submission of such Report at latter date to be entertained.

14. Terms of Payment and suspension of Delivery.

6.3 Suspension of Delivery

1. Preventive maintenance shall be done only during the period when Plant is not generating to meet the availability & Guaranteed Power Generation Targets as agreed, however Power Producer may request for suspension of delivery of electricity from the System to the Delivery Point for the purpose of maintaining and repairing the System in the vent of unexpected failure upon giving one week's advance written notice to the Power Purchaser, except in the case of emergency repairs. Such suspension of service shall not constitute a breach of this Agreement, provided that the Power

Producer shall use commercially reasonable efforts to minimize any interruption in service to the Power Purchaser

2. **7.4 Time of Payment as per PPA agreement:-**

- i. Power Producer shall submit monthly invoice on mutually decided date **Generally before 7th day of every month** in the format specified as per schedule IX and monthly invoice submitted later than the date specified shall be considered for certification in subsequent month.
- ii. Purchaser shall pay all amounts due hereunder **within Ten (10) days after the date of the receipt** and acceptance of the invoice in Power Purchaser's office ("Due Date")."

3. **7.6 Late Payment:-**

In case payment of any Invoice is delayed by the Power Purchaser *beyond its Due Date*, the power producer is entitled to invoke bank guarantee for the due amount. In the event of Power Purchaser Bank guarantee getting completely exhausted; the power producer may charge interest at the rate of 1% per month on pending Bills only on the amount due since the Due Date of Subsequent month.

4. **7.7 Payment Security by Power Purchaser**

The Power Purchaser will provide bank guarantee to Power Producer on Commercial Operation Date (COD) as a deposit against payment security. The value of Bank Guarantee will be equivalent to 6 months' energy & the same will be maintained throughout tenure of PPA.

7.8 Disputed Payments

In the event that the Power Purchaser disputes an Invoice, it shall give notice of such a dispute within 15 days of receiving the Invoice setting out details of the disputed amount. **The Power Purchaser shall pay by the Due Date 100% of any undisputed amount and in case the invoice is disputed**, the Power Purchaser shall pay an amount based on average consumption of last three consecutive undisputed Invoices. Amount so recovered shall be subject to final adjustment on resolution of the dispute. Thereafter, the Parties shall discuss and try to resolve the disputed amount within a month of receipt of such notice of dispute. If the Parties resolve the dispute an appropriate adjustment shall be made in the next Invoice. If the dispute has not been resolved by the date of the next Invoice the dispute shall be referred to a committee of one member from each of Power Purchaser and Power Producer. If the dispute is still not resolved by the next following Invoice, it shall be referred to arbitration.

In case of **any other financial; legal or technical issue/concern or dispute**; **original PPA should be referred** which is available at MAEERs Registrar's office at MIT Kothrud Campus and copies of which are available at Executive Director's office; Secretary MAEER's office, EPC Contractor's office and Power Producer's office.

Circular for List of LED lights installed

Date:- 07/ 11 /2020.

To,
The Principal,
M.I.D.S.R. Dental College,
Latur-413512

Sub.: Forwarding List of LED lights installed in the Campus of MIDSR
Dental College, Latur.

Respected Sir,

With reference to the above cited subject, we have forwarding List of
LED lights installed in the Campus of MIDSR Dental College, Latur.

So, here by sending List of LED Lights installed for your kind information.

Thanking you.

HOD, 07/11/2020

विषय : आपल्या संस्थांमधील पारंपारीक ट्यूब लाईट बदलून एल.ई.डी. ट्यूब्स वसविणेबाबत.....

आपणास कळविण्यात येते की आपण एप्रिल २०१५ मध्ये गो ग्रीन मिशन ची सुरवात केली आहे. या मोहिमेअंतर्गत आपण आपल्या सर्व संस्थांमधील पारंपारिक ट्यूब लाईट बदलून त्या ठिकाणी वीजबचत करणारी एल.ई.डी. ट्यूब्स वसविणार आहोत. सदर मोहिमेअंतर्गत एल.ई.डी. ट्यूब्स वसविण्याचे काम अॅमलेड या कंपनीस देण्यात आले आहे.

आपणास असे सुचित करण्यात येत आहे की अॅमलेड प्रतिनिधींना या कामात प्रथम प्राधान्याने सर्व तोपरी मदत करण्यात यावी तसेच या प्रतिनिधीची राहण्याची व्यवस्था आपल्या संस्थेमार्फत करण्यात यावी. या कंपनीमार्फत सदर ट्यूब्स आपणास पाठविण्यात येतील, त्या ट्यूब्स योग्य वेळी अॅमलेड प्रतिनिधींना उपलब्ध करून द्याव्यात व त्यांचा योग्य तो हिशोब ठेवण्यात यावा.

प्रथमतः आपल्या संस्थेतील राहण्याची ठिकाणे, वस्तीगृह, विश्रामगृह या ठिकाणांना प्रथम प्राधान्य देऊन तदनंतर संस्थेतील इतर सर्व इमारतीची कामे पूर्ण करण्यात यावी. पुढे असे सुचित करण्यात येते की या कामासाठी योग्य त्या व्यक्तीची आपल्या संस्थेतून निवड करून त्याबद्दलची माहिती श्री. राहुल पाटील (मो. ९९६०८५०६१४ गेलः rahul.patil@mitcoe.edu.in) यांना देण्यात यावी.
