MIDSR/BDS/Stu./820/4/2019

Date: January-23-2019

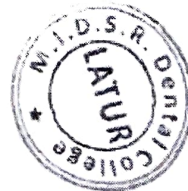

Dear Members of the Admissions Committee:

It is a true pleasure for me to write this letter of recommendation for Dr. Sayali Kulkarni. I know her for over 5 years during her Bachelor of Dental Surgery course, since her admission to the Maharashtra Institute of Dental Science and Research College, Latur, India. I have been the Principal of the college since its inception, and have had more than 20 years of teaching experience. I have observed Sayali in the academic environment, as well as in the clinical setting. She stood out by proving herself to be a focused and determined student, consistently scoring highest in a class that had over 50 students.

Sayali was one of the brightest students of our college. She was notably hard-working and stood first in the college in the university examinations during 3 out of her 4 academic years. She also participated in various sports and activities during the annual gatherings and also won prizes in the same, which shows her outgoing nature. She was the president of the annual gathering in her third year of college, where she coordinated with the respective people in charge and managed various events efficiently. As a class representative during the same year, she acted as a prime channel of communication between the staff and the classmates. These opportunities helped her develop her leadership qualities.

Sayali was not only an excellent student, but also very personable. She was always cordial and respectful with all her teachers and peers. During clinical sessions, she employed her knowledge effectively and exhibited great skills in providing quality care to the patients. Her work demonstrated careful attention to detail. She participated in dental camps in various rural areas and schools, and productively educated and motivated individuals regarding oral health care. As I got to know her over the course duration, I was impressed with her varied set of skills and talents. To be an example for the future students, she is a part of the college's alumni association as distinguished alumni.

Sayali shows an amalgamation of intelligence, skills and enthusiasm which leads me to believe that she will be an excellent fit in your dental program. I recommend her strongly, as she undoubtedly proves to be an asset to any institute she chooses to join. If you have any additional questions, please feel free to contact me.

Sincerely,

Dr. Suresh S. Kamble

Subject: Authority letter in the name of Dr. Praveen
Dhore to collect my BDS transcripts

Respected Sir,

I, Dr. Sayali Kulkarni, was a BDS student of
the batch 2006-07. I had applied for 8 copies
of BDS transcripts from MUHS. However due to
personal reasons, I won't be able to collect them
personally. Therefore, I would like to give an
authority letter in the name of Dr. Praveen Dhore
to collect the same.

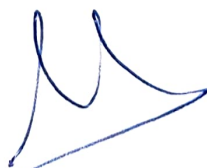

Please consider my application.

Thanking you.

Sincerely,

(Dr. Sayali Kulkarni)

LETTER OF RECOMMENDATION

TO WHOMSOEVER IT MAY CONCERN

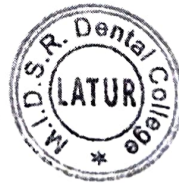

I am pleased to write this letter of recommendation for Ratnani. Parita for DMD/ DDS program as the Dean and Head of the Department of Prosthodontics. I have known Parita for almost 4 years as a hardworking, sincere, dedicated and one of the most promising Dental students.

Parita was one of the focused and ambitious student, always seen at the forefront when it comes to attending seminars, conferences and workshops conducted by Dental experts in our university. I remember she presented a poster on "Objectives and Post Insertion Instructions in Complete Denture patients" under the guidance of myself and Dr. Ajit Jankar which is still displayed outside the department instructing the patients in the maintenance of Oral hygiene and Denture. Parita always showed natural propensity to grasp new concepts with passing years such as Occlusion, Fabrication of Complete Dentures, Removable Partial dentures and Fixed Partial Dentures in final year.

Apart from excellent clinical skills, she also had good academic knowledge. She was among the toppers of her batch of over 90 students excelling in both academics and clinical postings consistently. One of her qualities that I would like to highlight is her attitude to clarify all her doubts and queries before proceeding to next topic. She was always prompt to ask questions and discuss her academic concerns with me.

She exhibited ardent enthusiasm and zeal in discussing different ideas apart from academics like having recreation center and gym in dorm that could help students strengthen mental and physical health. I would have no hesitation to say that she has one of the most receptive minds. I found her to be an active participant of different cultural or Sport event held in our University every year that could be reflected when as a Sport Secretary in third year she coordinated and managed all the events nicely. She assisted all individual players in playing as a team and coax out their best performance. Moreover, she was seen in our MIDSR Tree Plantation programme on campus with the hope that our association will also blossom with growing tree that shows her love for nature and green space.

Her amiable and pleasing personality would make her an asset to your esteemed organization. Personally, Parita is a kind, passionate and sincere individual who always strive to excel in dentistry. I am confident that her intellectual talents and outgoing personality would add immensely to the University she joins for her DMD/DDS studies. I wish her success in all future endeavours.

Regards,

Dean Suresh Kamble

Letter of Recommendation

To whom it may concern:

I am writing to provide a letter of recommendation for Pranjali Reddy for your dental school program. I have known Pranjali for the Year 2016-2019, since she began her undergraduate studies at MIDSR Dental College. During this time, I have had the pleasure of teaching her Final BDS classes, and I have been impressed with her dedication to understanding the material and expanding her knowledge.

Pranjali is an exceptionally capable student. She consistently earns high marks on all of her exams and papers, demonstrating a strong grasp of the material. She also has a passion for research that she applies to all of her studies, which is evident in the depth and quality of her work.

In addition to excelling academically, Pranjali has also been active in extracurricular activities. She volunteers with a local dental clinic once a week and has also completed several internships with dentists in the area. These experiences have provided invaluable insight into the field and have further prepared her for a successful career in dentistry.

It is my great pleasure to recommend Pranjali for admission into your dental program. She possesses an exceptional blend of knowledge and passion that will serve her well during her studies and beyond. I am confident that she will make an outstanding student who will bring great value to your institution. Please do not hesitate to contact me if you need any additional information or would like to discuss Pranjali's qualifications further.

Sincerely,

S. Sampare
Dean

To whom it may concern

It is a true pleasure to write this letter of recommendation for Dr. Asra Siddiqui, who was my student in the Department of Periodontics at our institute and I have known her for 5 years. She not only excelled in her academic and social performance but also maintained the highest standards of behavior and conduct throughout her time at the university. I was highly impressed by her meticulous performance in achieving high standards of merit in all four years of her academic program.

I can strongly state that Dr. Asra has all the personal and professional skills to be a successful American dentist. I had the pleasure to observe her dental skills very closely and I am highly satisfied with the way she applied her knowledge, dental expertise, management skills, and compassion in handling the most challenging cases. She has also demonstrated a special talent for working with patients from diverse backgrounds in the department and her deep sense of drawing implications and conclusions during her diagnostic and treatment procedures made her highly successful. I have reviewed many of her case presentations, which were not only excellent and well-presented but also highlighted the smallest of details. Her keen eye for detail and excellent chair-side manners made her patients feel at ease for the toughest of procedures. I can recall she was one of the favorite dental interns among the patients due to the compassion she exhibited. She is always receptive to and appreciative of constructive criticism and suggestions. Her humble demeanor fosters warmth, understanding, and the utilization of every opportunity to grow into a better clinician.

Dr. Asra's strong work ethic makes her a pleasure to work with, especially due to her intense devotion to the cause of safe patient care. She excelled not only in practical work but academically as well. She was always very attentive and responsive during class lectures, case presentations, and seminars. Moreover, she often took the lead in teamwork-based projects which points out her leadership qualities. She established an excellent rapport with her fellow students and was always more than happy to help them. Her peers welcomed her to work side by side as she brought a positive attitude during her student life. In fact, the faculty also very often relied on her responsible and cheerful nature during group and community-based projects. Over the years, she thoroughly displayed a perfect blend of a propensity to learn and a desire to help

her community. Her intellectual independence was showcased by her clarity of thought, communication skills, and leadership abilities.

Dr. Asra actively participated in extracurricular activities, such as intercollegiate cultural meetings, conferences, and sports competitions. She volunteered to take responsibility for dental camps organized by our university and has participated in multiple dental checkup camps in the rural areas. Her enviable track record stands as testimony to her hard work and dedication to the dental profession. I genuinely believe that her eagerness to learn and her strong academic abilities along with her desire to achieve her goals will make her shine in anything she decides to achieve, especially in the field of dentistry. Hence, I ardently and without reservation, recommend Dr. Asra for further studies at an American Dental University.

Please feel free to contact me with any additional questions.

Sincerely,

Dr. Vishnudas Dwarkadas Bhandari
HOD and Professor Dept. of Periodontology and Implantology
Room No.10, MIDSR Dental College & Hospital, Latur – 413512.

Date:-08-03-2023

Dear Admissions Committee

It is my pleasure to submit this letter to convey my strong recommendation for Dr. Asra Siddiqui. As the Prof. & Vice-Principal of the Department of Orthodontics, I had the pleasure to oversee Dr. Asra in her BDS program as a student and I have known her for 5 years. Without question, she was one of the top 10% of students who has the best academic attendance and a good reputation in front of all mentors. Throughout her academic and clinical career, I have consistently observed Dr. Asra to be a highly exceptional individual among her peers. This is evident in her impressive academic performance, starting with her outstanding grades of distinction in her first year of school and culminating in her achieving top marks in her fourth year of dental school. Furthermore, her achievements of high honors in her second year and superior grades in her third year of dental school demonstrate her consistent and remarkable performance.

Having served as a long-time leader, I immediately recognized Dr. Asra's leadership traits. During her program, I witnessed firsthand her remarkable organization, enthusiasm, and presentation skills on various topics at department events. She was a guide for many of her classmates as she effectively communicates, is motivated, and successfully solves problems to achieve the best. Moreover, she is someone who has a clear desire to make an impact on the community. She is honest, hard-working, and a critical thinker who always sets high goals for herself and follows through on achieving those goals. This was admired and followed by her peers as well.

Dr. Asra also showcased her clinical aptitude, high ethical standards, and advanced skill set in dentistry on a constant basis. She had excellent manual dexterity that she displayed in dental procedures, including assisting in orthodontic bracket placement, fabrication of orthodontic removable appliances and study models, patient consultation and impression taking. Furthermore, whether it was counseling the patient or casually communicating with them, her professionalism, compassion, and care were always at the highest level. On a personal level, Dr. Asra shared a great bond with her peers and was respectful toward her mentors. She always took criticism positively to learn more. As a quick and diligent learner, Dr. Asra was able to fully grasp complicated topics, showed excellent writing skills, and consistently motivate herself. On many occasions, I recall her asking additional questions, and fostering insightful discussions with

me outside of class time. Being a team player, she shared her unique perspective with classmates but also complemented their strengths.

I am grateful to find out that Dr. Asra is now ready for further studies in the highly respected dental education system in the United States. When assessing her overall preparedness for your program, I can assure you that she is ready. She always went above and beyond to be the best in every aspect of her profession. Her natural devotion toward constant learning, professional expertise, and serving the community collectively, make her an ideal candidate for your program. I genuinely recommend her in the highest regard.

I very much appreciate your attentiveness and trust that you will grant Dr. Asra acceptance to your program. If you have any further inquiries about her ability to make a positive impact, please contact me.

Sincerely,

Dr. Joshi Yatishkumar
Prof. & Vice-Principal

Hi,

I hope this message finds you well. My name is Asra Siddiqui, a proud graduate of MIDSR Dental College in 2011. I am grateful for the opportunity to have been a part of the institution and for the invaluable knowledge and skills gained during my time there.

Currently, I am residing in the United States and planning to pursue further studies in the dental field. As part of my admission requirements to dental schools, I am required to submit letters of recommendation from esteemed professors.

I have cleared my exams and feel confident in my abilities to excel in the program. With your expertise and guidance, I am certain that I can achieve my goals and make meaningful contributions to the field.

I understand that you may have a busy schedule, but I would be honored and grateful if you could provide me with a letter of recommendation for my application. Thank you for your time and consideration, and please let me know if you need any further information from me.

Sincerely,

Asra Siddiqui
