WORLD ENVIRONMENT DAY

REPORT OF CLEANLINESS AND ENVIRONMENT COMMITTEE 2022

Report: Cleanliness and environment is much needed aspect in everyones life. Green environment relates to concerns for environmental conservation and improved health of environment. Clean and green environment can have a positive impact on human health. Recycling seems ordinary but is fundamental to environment.

Introduction: As humans, we have to recognize the balance between humans and other natural ecosystems and hope to lead balance between all. Consumption should be balanced and people are been called out 'coz its high time, we go green. Some examples include judical use of non-renewable resources and going eco-friendly.

Report: At Maharashtra Institute of Dental Sciences and Research (Dental College), Latur, we planted 15 trees with help of students by adopting them. Each student promised to adopt the trees planted by them. Our students nicely participated in activity of tree plantation which helped in motivating the young minds to preserve and increase green revolution on earth, to face universal globalisation.
