DEPARTMENT OF PAEDIATRIC & PREVENTIVE DENTISTRY

SOP FOR PAPPYJOE PATIENT RECORD MANAGEMENT SOFTWARE

In PappyJoe Clinic Management Software you get a fully integrated Patient Record Management System with all the necessary functionalities and processes on a cloud based single platform. It is a robust and secure system for anytime and anywhere access whether it be your Desktop Computer, Laptop or Smart Phone.

PappyJoe helps to strengthen the Doctor – Patient relationship by communicating with the Patients through SMS Communication and email thus enhancing a better Doctor – Patient Connect.

Electronic medical record (EMR Systems) helps you to maintain patient records efficiently and Patient care becomes more efficient and result oriented when You treat the Patient Clearly knowing the preexisting conditions and the previous Patient History.

- Simplified Design to make appointments fast; in simple steps.
- Keep your schedule organized and simple.
- Option to display daily, weekly and monthly appointments.
- Reschedule appointment timings easily; with a single drag.
- Send SMS regarding appointments and schedule changes to patients.
- Option to maintain separate calendars for individual doctors.
