SCIENCE & RESEARCH (DENTAL COLLEGE), LATUR

DEPARTMENT OF ORTHODONTICS & DENTOFACIAL ORTHOPEDICS

Smiling Bharat – National Orthodontic Diagnostic Drive survey programme was conducted by Indian Orthodontic Society. This significant nation-wide survey aimed to have regional, state-wise, and national data and documentation of orthodontic health data in children, adolescents and young populations of India using appropriate orthodontic diagnostic measures. As a part of this initiative The Department of Orthodontics & Dentofacial Orthopaedics of MIDSR (DC), Latur actively participated in this comprehensive survey in the Latur region. This effort involved faculty, postgraduate students, and interns working together over 25 days.

The survey engaged four schools and one college in the vicinity of Latur, with a dedicated team meticulously planning and executing the project to ensure thorough data collection and accurate representation of orthodontic health among participants. An impressive 1,004 individuals' response gathered to the online survey form.

Throughout the 25-day period, the team coordinated closely with school and college administrations to facilitate smooth and efficient data collection processes. They employed standardized diagnostic tools and methodologies to ensure the reliability and validity of the collected data. Consent was obtained from each participant before assessing their orthodontic health, and relevant information was recorded through a digital survey provided by the Indian Orthodontic Society

Following table shows the information regarding the survey:

Date	School/College	No. of Participants Screened
1/07/24	Sunrise English School, Latur	35
2/07/24	Sant Tukaram English School, Latur	72
3/07/24	Sant Tukaram English School, Latur	101
4/07/24	Sant Tukaram English School, Latur	205

SMILING BHARAT- National Orthodontic Diagnostic Drive

Dear IOS Members

Indian Orthodontic Society (IOS) has planned a nation-wide survey **SMILING BHARAT National Orthodontic Diagnostic Drive**.

We all are in consensus with the facts that:

- Early screening of malocclusion is important due to its role in development of periodontitis, dental caries, TMJ disorders & trauma.
- In India, the prevalence of malocclusion among school-going children has been reported in the range of 12.5% to 33.3%.
- Though, malocclusion is the second most common dental disorder found in school children, there is inadequate preventive oral healthcare programs in place.
- Adverse implications of malocclusion emphasize its early diagnosis & prompt treatment.
- More than half of the population is unaware of the scope of orthodontic treatment, and thus, they do not seek any assistance.

With its theme "SMILING BHARAT", the aim of this outreach activity is

1. To reach out maximum households through school children and young adults for diagnosis of malocclusion & associated health issues
2. To know their knowledge, awareness and perception about oral health particularly orthodontic health and its consequences
3. To create awareness about Orthodontics as specialization of Dentistry, and associated benefits.

Indian Orthodontic Society

PRESIDENT
Dr. JAYESH S RAHALKAR

HON SECRETARY
Dr. SANJAY LABH

How this programme will benefit us as orthodontists:

- The currently available data on incidence and prevalence of malocclusion in India is inadequate.
- Estimation of prevalence of malocclusion, at the National level, should replace the siloed approach of region wise and state wise approach.
- Awareness amongst masses help us to increase the patient inflow for specialized orthodontic treatment services
- The data would help in formulating guidelines and national health policies for awareness of Orthodontics in general public and inclusion of orthodontists in mainstream health care system for children.
- Dire necessity to align Oral healthcare with Govt. Health Policies such as Ayushman Bharat, ASHA Healthcare Programme, Government Child Healthcare Programmes, Central Government Health Scheme

The programme will be a Pan-India movement for collection of Orthodontic Health data and will include several phases starting with National Orthodontic Diagnostic Drive for School Children & Young adults on **1st July 2024**.

दि. ०५/०७/२०२४

प्रति,

मा. प्राचार्य,
पी एस खुबा सीबीएससी स्कुल,
बसवेश्वर चौक, लातूर.

विषय:- सामाजिक दंत आरोग्य अभियान राबविण्या बाबत.

महोदय,

उपरोक्त विषयान्वये लोकांचे दंत आरोग्य अबाधित राहावे यासाठी एमआयडीएसआर दंत रूग्णालयाच्यावतीने "सामाजिक दंत आरोग्य अभियान" राबविण्यात येत आहे. समाजातील शेवटच्या घटकापर्यंत दंत आरोग्य सेवा पोहचविणे हा या अभियानाचा उद्देश आहे. कारण सध्याची धावपळीची जीवनशैली आणि बदलती आहारपध्दती यामुळे सर्वच वयोगटातील व्यक्तींमध्ये दंत रोगांचे प्रमाण वाढत आहे.

एमआयडीएसआर दंत रूग्णालयाच्या मार्फत दंत आरोग्य विषयी जनजागृती निर्माण करण्यासाठी विविध स्तरावर दंत आरोग्य तपासणी शिबिरांचे आयोजन करण्यात येणार असून, दंत शाखेतील वेगवेगळ्या तज्ञांद्वारे दंत आरोग्य सेवा पुरविण्यात येणार आहेत. दंत आरोग्य शिबिरात दंत रूग्णांची संपूर्ण मौखिक व दंत आरोग्य तपासणी करून अचुक निदान करण्यात येणार आहे. दिर्घ आजाराच्या दंत रूग्णांवर एमआयडीएसआर दंत रूग्णालयात पुढील उपचार अद्यावत उपकरणांद्वारे व तज्ञांकडून माफक दरात करण्यात येणार आहेत.

लोकांचे दंत आरोग्य सुदृढ राहण्यासाठी समाजातील सर्वच घटकांचे योगदान महत्वाचे असून त्यासाठी विविध पातळीवरती प्रयत्न होणे गरजेचे आहे. याकरीता आपल्या मार्फत सहकार्य व्हावे, ही नम्र विनंती.
