Session I – Human Impact on the Environment

(1 Hour)

Session II – Importance of training and awareness

(1 Hour)

Session III – Noise pollution

(1 Hour)

Session IV – Activity

(1 Hour)

**Keep it Clean,
Keep it Green!**

Value Added Course for Cleanliness and Environment Committee – 2023-2024

Introduction: “Life exists in harmony with nature.” It is important to teach our younger generation about importance & our dependency on nature. Nature provides us with health, happiness & prosperity. But in recent years, the environment has been harmed due to our selfishness & greed. It’s high time, we rectify our mistakes and reduce waste, recycle waste and reused materials. Every product we buy, has a carbon footprint and end up landfill. Even the packaging materials are hazardous. Ex. Plastic which is found in oceans creating a threat to marine life. When environment is hampered, our economy is hampered. We at MIDSR, Latur’s Cleanliness and Environment Committee provide a holistic environmental opportunities for our students development.

Eligibility: All BDS students and Interns
