Regarding **Shreya Jigjini**

Dear ADC,

It is my pleasure to write this reference for **Shreya Jigjini**, a dedicated and outstanding student of our institution. I have known **Shreya Jigjini** from 2014 to 2023 (including internship), during which I served as her college principal at **Maharashtra Institute of Dental Sciences & Research, (Dental College), Latur**. In this capacity, I had the opportunity to observe her academic performance and growth as a student pursuing a career in dentistry.

She was a sincere student, punctual and enthusiastic in her studies. During her postings in the clinical departments, she was dedicated and caring to her patients. She was liked by the teachers, patients and their attendants and other departmental staff. She completed her graduation in 2023 (including internship).

In this institution, as a trainee of the BDS Programme she has been trained in normal and surgical extractions and other minor surgical procedures, Class 1, II, III, IV and V cavity restorations of carious teeth with silver amalgam, composite, glass ionomer materials and treatment of deeply carious lesions by root canal treatment.

She was also trained in crowns, bridges (FPDs), complete and partial dentures and removable orthodontic appliances. As part of our community programme, she has participated in dental health camps for school children and in the community.

Shreya Jigjini is ambitious, self-motivated and has a genuine desire to gain knowledge to update and improve herself. She has a co-operative and calm nature and will be a good team member of any programme.

As she plans to go for higher studies, I wish her well and hope she succeeds in whatever she endeavours to do. I can safely recommend her for higher studies or employment in any speciality of her choice.

Kind Regards,
