## LANDSCAPING WITH TREES AND PLANTS

The campus of Maharashtra institute of dental science is filled with greenery which includes trees and plant. MIDSR college conduct trees plantation program to enhance green landscape of the campus and near areas. The entire campus is dotted with various types of plants and trees which kept well maintained. Plants and trees keep environment free from pollution. This also helps in to maintain biodiversity. Various plants and trees adoption programs have been started in the campus to encourage students to take care of plant for better preservation.

# BAN ON USE OF PLASTICS

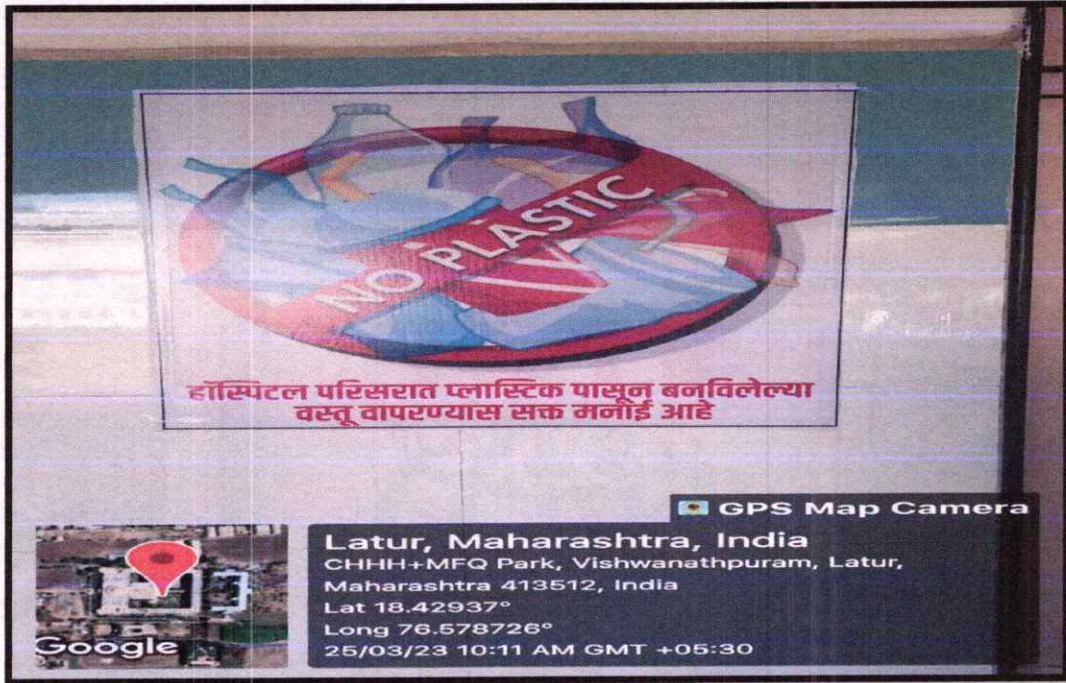

Plastic is non- biodegradable. Instead, they slowly breakdown in the smaller pieces which contaminate our soil and water. To reduce and to minimize use of plastic in our routine. And to make an eco- friendly campus, campus has banned the use of plastic product and MIDSR college taking step towards prevention and create awareness of use of this non- biodegradable material in campus through posters and banners in the campus.
