INSTITUTIONAL EFFORTS

The institution believes in equality of all cultures and traditions as is evident from the fact that students belonging to different caste, religion, regions are studying without any discrimination. The institution has taken every possible steps for providing an inclusive environment towards cultural, regional, communal and socioeconomical diversities. We believe in unity in diversity that's why our students respect the different religion, language and culture.

Our Institute celebrate different festivals and invite all the staff and students to organise and participate actively so that they get introduced with ones culture to have amicable relations and to maintain the religious, social and communal harmony.

The diversity in India is unique. Our Country presents endless varieties of different tradition and cultural patterns. It is the land of many languages it is only in India people professes all the major religions of the world

The Honorable Founder of the institute Dr. V. D. Karad sir have a great vision towards the betterment of the society and works effortlessly for the communal harmony and world peace. The initiation of the same was marked in his birth place the village of Rui located within the Latur district of Maharashtra.

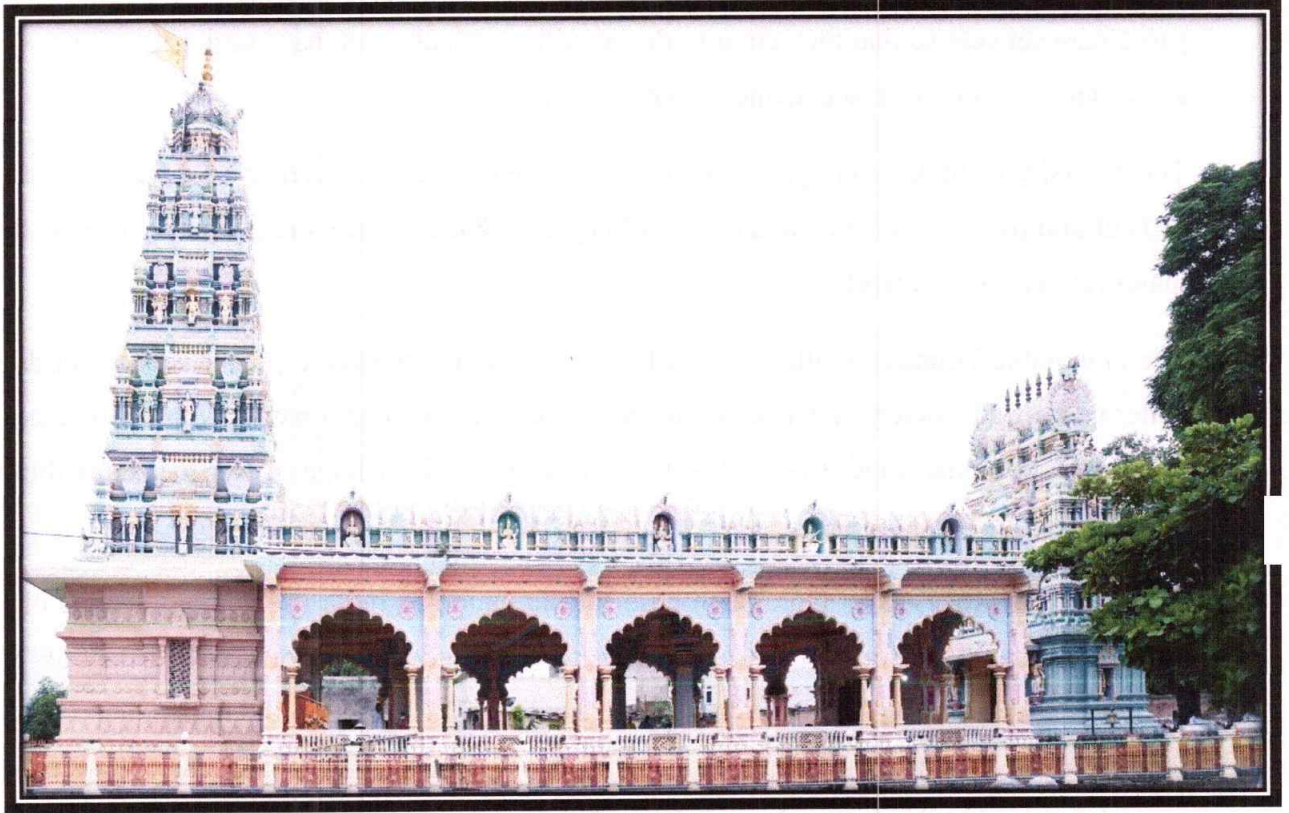

The village of Rui is a veritable microcosm of the nation of India itself. The villagers of Rui are predominantly Hindus with sizeable Muslim and Buddhist minorities, and they all have been happily coexisting for a very long time. Roughly 275 years ago the marauding armies of the Nizam saw fit to destroy the ancient Sriram temple located within the village and as recently as the 1940's, during the Razakar agitation, Hindu mobs destroyed the Jumma Masjid and Khwaja Zainuddin Dargah situated within the village limits. Time and the locals themselves, proved to be the ablest healers in this communal discord.

LATUR

Then later a miracle happened, with the initiative from Hon. Dr. V. D. Karad, Founder & Chairmen, MIT MAEER organization, the Hindus and Muslims came together to rebuild the destroyed mosque and temple, and through that act, celebrate diversity and the 'Bharatiya' way to living and letting live!

Taking cue from this occasion, Prof. Dr. Vishwanath Karad ensured the construction of the "Vishwadharmi Shriram-Rahim Manavta Setu' to celebrate bridging the divide between Hindus and Muslims. Exposing students to such activities and ensures to develop a secular and socialist mindset and true professional spirit amongst them

Our founder also constructed a Buddhist temple in the style of Japanese pagodas to honour the spirit of Buddha and India's constitutional architect, Dr. Babasaheb Ambedkar. During the rural visits the students are exposed to these monuments on regular basis and they inculcate the holistic view of life and the values we attempt to inculcate amongst the

The Pandharpur Wari is a religious procession, where hundreds of thousands of pilgrims from all over Maharashtra walk to Pandharpur, in Solapur District, which is the main place of worship for their deity, Vithoba. These pilgrims carry an image of their local saint during their walk to Pandharpur. Every year the institute takes part in this yatra actively and helps in distribution of the food services and in provision of the health care facilities to the devotees of the Pandharpur Wari.

Social Activities conducted by the MIDSR Dental College, Latur

The MIDSR Dental College is actively involved in the conduction of the social activities specifically for the special strata of the community such as Specially abled people, Elderly people, institutionalized people and the Jail inmates. The college had actively participated in the camps organized by the Government of Maharashtra and also got recognized for the same.

Few of the Special Camps conducted by the institute:

1. Matoshri Old Age Home, Latur (2nd February 2020)

The Department of Public Health Dentistry organised a free dental check up camp on the occasion of Dr. V. D. Karad sir's birthday during which the free toothpastes and toothbrushes are distributed to the elderly people of the Matoshri old age home along with the fruits distribution.

2. Camp at Happy Indian Village (Centre for people suffering from AIDS)

The Department of Public Health Dentistry, with the NSS unit of MIDSR Dental College, Latur, organised and conducted an oral health awareness camp for the children residing at HIV Village, Hasegao, Latur, on February 3. The department conducted an awareness programme where health talks were delivered on common oral health problems and regular healthy oral hygiene habits. The special guidance was provided to the staff working at the centre about the oral manifestations of HIV and how to overcome them. The institute distributed toothpaste and toothbrushes to the participants, and the tooth brushing programme was also conducted.

3. SWADHAR Matimand Mulinche Balgrah, Dist. Osmanabad (SWADHAR Home for Special Girls)

The Public Health Dentistry Department conducted an oral health awareness, screening, and treatment camp for the mentally retarded girls residing at Swadhar Matimand Mulinche Balgruh, Dist. Osmanabad, on March 30th. The camp was organised in order to sensitise the students regarding their social responsibilities towards the weaker sections of society. The camp was conducted in cooperation with the Tuljai Trust of Pangaon. In the camp, oral health awareness, demonstrations about the brushing technique, a tooth brushing programme, oral health screening, and also non-invasive treatment procedures were carried out, along with the distribution of free medicines, toothpastes, and toothbrushes. The institute also provided free treatment to the girls referred from the centre to the institute.

6 AWARENESS RALLY: On the occasion of World Oral Health Day, we organised a campaign to raise awareness of oral health issues and the importance of oral hygiene. The day holds significance to reflect the importance of oral hygiene and care. A baby must have 20 teeth, and senior citizens must have 20 teeth at the end of their lives. A healthy adult should have 32 healthy teeth. rally and a Dental Diagnosis and Awareness Camp were organised. The rally was conducted using IEC materials and posters with the aim to create awareness of the benefits of a healthy mouth and to promote worldwide awareness of the issues surrounding oral health and the importance of oral hygiene.

With the motto of encouraging as many people as possible to look after their mouths and protect their quality of life. An unhealthy mouth not only impacts general health but also has a severe impact on people's emotional, social, mental, and overall physical well-being. It highlights the associations between oral diseases and non communicable diseases (like diabetes, hypertension, respiratory disease, and some cancers), raises awareness of common risk factors, and promotes good oral hygiene habits.

We also conducted a dental camp in the school, where 263 children were checked for dental cavities and other dental problems by students and staff, and we also spoke to the children about brushing their teeth twice a day, avoiding too much sugar, and practising other good habits for proper oral hygiene. A power point presentation was prepared for children's and school teachers to provide information about the importance of oral health and explain in detail the root cause of dental and oral health problems, methods of preventing the diseases, and different treatment facilities available.

7. Azadi Ka Amrit Mahotsav: Azadi Ka Amrit Mahotsav is an initiative of the Government of India to celebrate and commemorate 75 years of independence and the glorious history of its people, culture, and achievements.

This Mahotsav is dedicated to the people of India, who have not only been instrumental in bringing India thus far in its evolutionary journey but also hold within them the power and potential to enable Prime Minister Narendra Modi's vision of activating India 2.0, fuelled by the spirit of Aatmanirbhar Bharat.

On the occasion of Azadi Ka Amrit Mahotsav, MIDSR Dental College provided a free dental health check-up for 113 special athletes at Jeevan Vikas Pratishthan in Latur. Before screening, the staff and students got training from the organizers on how to meet the needs of the special athletes who were participating in **Special Olympics Bharat**

8.AAROGYA SURAKSHA YOJNA (HEALTH CARDS)

The concept of starting Arogya Suraksha Yojna(Health Protection Scheme) which is also one of the best practices of our Institute was the philosophical idea of our Honorable. Executive Director Mr. Rameshappa Karad sir, He believed that he has moral obligations towards the society in which he was raised and should do something for the unprivileged people of the Community . The moto behind starting the scheme was to ensure the wellness & complete health including the oral health of the entire families residing in rural areas of Latur District as Oral health: A window to your overall health.

Under the Aarogya Suraksha Yojna around 50,000 families were adopted by the institute to look after the wellness and complete health of the family. The institute covered almost 194 villages from the districts and the health cards were distributed to the families who are economical weaker, who resides mainly in the rural areas/slum areas. Such a large no. of adoption was itself is bigger challenge to the institution and it has to deal with almost thousands of people's wellbeing The institute also purchased two dedicated buses for the daily transportation of the patients. The huge no. of adoption, transportation facilities and the daily follow ups helped in the rise of OPD due to the same the institute witnessed the overall increase in the OPD by average 100 patients daily. The institute took it as a challenge with the available resources and utilized the manpower to treat the increased no. of OPD.

- ◆ क्ष-किरण विभागातील अत्याधुनिक उपचार.
- ◆ तहान मुलांच्या दातांवरील व तोंडाच्या आजारांवरील उपचार.

Facilities provided in Health Cards

This practice benefited the students directly in terms of the patient exposure they received; they benefited from the additional patient work and also got exposure to various cases. It also helped in the overall development of the clinical and communication skills of the students, and it also helped the economically weaker sections of the community.

The patients got the privilege to avail themselves of the oral health procedures as there is no developed government facility available for the oral health care of the community in this region. It also helped in promoting the oral health of the patients and in screening for diseases in their early stages, which in turn helped provide preventive care to the patients.

CULTURAL FESTIVALS: Celebrating festivals in college campuses brings students together and also provides an opportunity the students to learn more about each other culture. Celebrating cultural or religious festivals in academic institutions is a learning experience – students get to learn about the festival, the reason for the celebration and its significance which also enhances respect to all religion

Ganesh Chaturthi: Ganesh Chaturthi is also known as Vinayaka Chavithi. It is festival celebrated for birth of Lord Ganesha. In order to let all the students stay rooted with Indian culture, MIDSR Dental College, Latur celebrated Ganpati festival. During this type of festivals all the students of different communities actively participate in doing decoration, organizing of various competitions like painting, rangolli, dance and singing. Celebrating such festivals indulge the feeling of oneness and togetherness among respecting each other's tradition and custom.

India, being a culturally diverse society, celebrates many holidays and festivals. The holidays are granted for most of the religious festivals because India is a secular country and it cannot promote just one religion. Religious holidays have a significant significance in society. They have value for integration. They are important for socialization as well. Our institute also follows this pattern; we also provide holidays to staff and students to celebrate all the festivals, and we even provide special holidays to the concerned staff who belong to the minority community.

Diverse cultures not only make societies more strong and creative but also help humans better cope with change. Cultural pluralism promotes mutual cooperation and mutual respect among people of different religions, regions, languages, and ethnicities, which are crucial for establishing peace and facilitating development across an institution and a nation. Hence, our institution always puts efforts into providing an inclusive environment by celebrating different festivals and conducting ethnic days, and through our institution, the government also sponsors different scholarship schemes for socioeconomically backward students to ensure balanced development and growth. The practise of cultural inclusiveness is conducive to deepening mutual understanding and trust, as well as stimulating cultural exchanges among people of different countries, which in turn can strengthen global peace and security.
