LECTURE ON CLINICAL FOUNDATION IN FIXED PROSTHODONTICS REPORT- 2024

On 19/06/2024, the esteemed PG Alumni of MIDSR Dental College, Dr. Vidya Gatkal delivered an insightful lecture on the foundational aspects of clinical fixed prosthodontics. The event, organized by the Alumni Committee, was specifically tailored for final year dental students and interns at MIDSR Dental College, Latur.

Key Topics Covered

Dr. Gatkal's comprehensive lecture delved into several crucial areas of fixed prosthodontics, including:

1. Patient Evaluation and Diagnosis:

- Importance of a thorough medical and dental history
- Clinical examination techniques
- Radiographic evaluation
- Identifying treatment needs and limitations

2. Treatment Planning:

- Developing a comprehensive treatment plan
- Prioritizing treatment modalities
- Considering patient factors, such as age, oral health, and aesthetic concerns
- Discussing treatment options and potential risks

3. Esthetics in Fixed Prosthodontics:

- Understanding the principles of tooth morphology and color
- Selecting appropriate materials and techniques
- Achieving natural-looking restorations
- Addressing patient expectations and concerns

4. Biomechanics in Fixed Prosthodontics:

- Analyzing occlusal forces and distribution
- Designing restorations to withstand functional loads
- Preventing stress concentration and potential complications

5. Clinical Techniques:

- Preparing teeth for restorations
- Impression techniques and materials
- Fabrication of provisional restorations
- Cementation of final restorations
- Post-operative care and maintenance

Impact of the Lecture

The lecture was highly informative and beneficial for the students and interns. Some of the key takeaways from the session include:

- **Enhanced Clinical Skills:** The students gained practical insights into patient evaluation, treatment planning, and clinical procedures.
- **Improved Diagnostic Abilities:** The emphasis on thorough diagnosis and understanding of treatment limitations helped the students make informed decisions.
- **Strengthened Aesthetic Sense:** The discussion on aesthetics provided valuable guidance for achieving natural-looking restorations.
- **Enhanced Understanding of Biomechanics:** The knowledge of biomechanical principles will aid in designing durable and functional restorations.

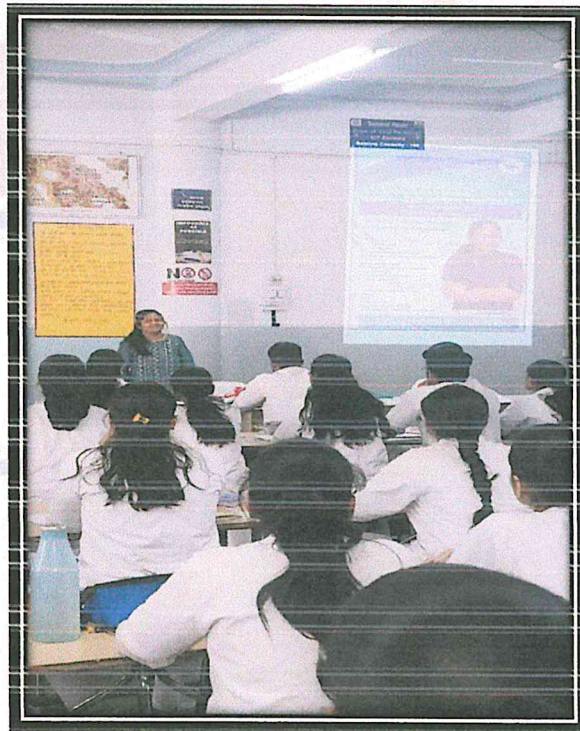

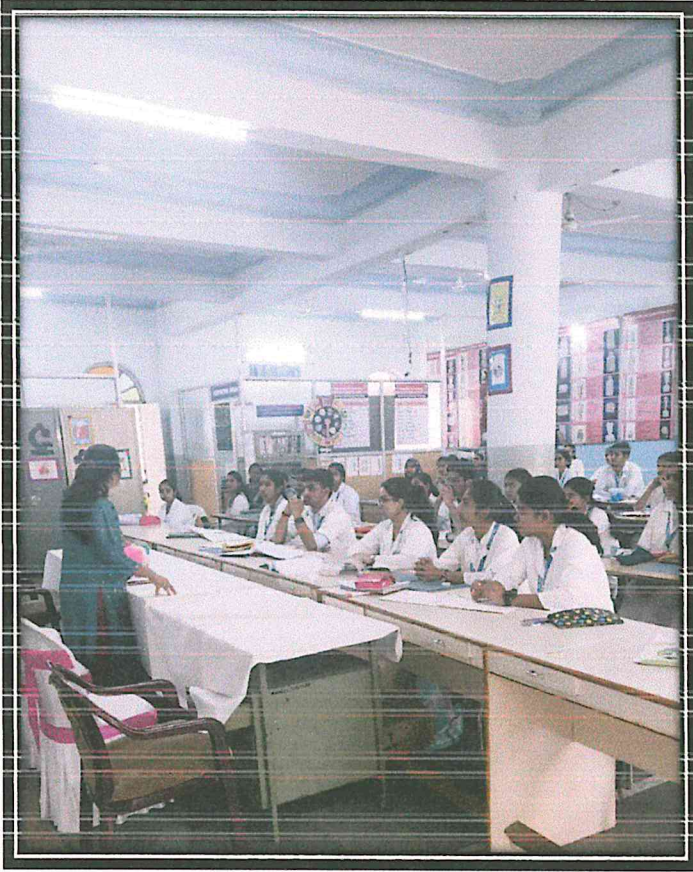

Overall Assessment

The lecture by Dr. Vidya Gatkal was a valuable learning experience for the final year students and interns. It provided a solid foundation in clinical fixed prosthodontics, equipping them with the necessary knowledge and skills to excel in their future practice. The Alumni Committee's initiative in organizing such informative sessions is commendable and contributes significantly to the overall development of the dental students at MIDSR Dental College.
