ETHICAL COMMITTEE REVIEW BOARD

ANNUAL REPORT-2024-2025

Name of Institution:: MIDSER Dental College, Latur

Reporting Period: 2024 to 2025

The Institutional Ethics Committee (IEC) functioned in accordance with the ICMR National Ethical Guidelines and institutional Standard Operating Procedures during the reporting period. The IEC was properly constituted with multidisciplinary representation, and quorum was maintained in all meetings. A total of **3 IEC meetings** were conducted during the year. The committee reviewed **109 new research proposals**, of which **111 were approved, 5 approved with modifications**.

The IEC also issued **exemption certificates for 2 systematic reviews/secondary data studies**, as these involved no direct human participant interaction.

THE REPORT OF THE ETHICAL CLEARANCE GIVEN BY THE COMMITTEE MENTIONED AS
FOLLOWS:

SI NO	DISSERTATION	SHORT STUDIES
1	28	81

The STUDENTS AND STAFF NAME, THEIR DEPARTMENT AND TOPIC OF THEIR RESEARCH PROJECT WHICH HAVE GOT THE CLEARANCE FROM ETHICAL COMMITTEE REVIEW BOARD MENTIONED BELOW:

DISSERTATION

SR. NO	NAME	TOPIC	REMARKS
1.	INGALE ADITYA SANJAY	Comparative Evaluation Of Effect Of Modelling Resin As A Surface Sealer On Color Stability Of Monochromatic Composite After Exposure To Commonly Consumed Beverages: An In Vitro Study	Approved
2.	JAMBALDARE MANSI HANMANT	Comparative Evaluation Of Cytotoxic Effects Of Light-Curedmta - Dentact®, Mta Premixed Puttysafeendo®, White Mta -Angelus® On Periodontal Ligament Fibroblast: An In Vitrostudy	Approved
3.	KABRA AJAY NAVALKISHOR	Comparative Evaluation Of Effect Of Three Different Root Canal Irrigants On Removal Of Methylene Blue Dye After Photodynamic Therapy – An In Vitro Study	Approved
4.	KHERDE VAISHNAVI DEVENDRA	Comparative Evaluation Of Effect Of Two Different Surface Coating Materials On Surface Hardness And Water Sorption Properties Of Conventional And Resin	Correction In Methodology, Told About Sample Size

MAEER PUNE'S

		Modified Glass Ionomer Cement: An In-Vitro Study	Calculation
5.	KOMBADE SHRADHA RAM	Comparative Evaluation Of Cuspal Deflection Of Mesio-Occluso-Distal Cavities In Maxillary Permolar Restored With A Bulk Fill Giomer And Low Shrinkage Giomer Using A Bulk- Fill Technique And Incremental Layering Technique: An In-Vitro Study	Approved
6.	CHANDAK YASH GHANSHYAM	“ A Comparative Analysis Of Efficacy Between Botulinum Toxin And 5- Fluorouracil In Treating Hypertrophic Scars – In Vivo Comparative Study “	Approved
7.	KHANDRE RUTWIK RAJESH	”A Comparative Evaluation Of Onset, Duration Of Local Anesthesia, And Pain Using 4% Articaine And 0.5% Bupivacaine For Orthodontic Extractions By Supraperiosteal Injection ”- A Split Mouth Study	Approved
8.	MANDLECHA YASH JAYPRAKASH	”Comparative Analysis Of DermapenMicroneedling Combined With Platelet-Rich Plasma And DermapenMicroneedling Alone For Atrophic Acne Scar Treatment : A Split Face Controlled Clinical Study”	Correction In Methodology Sample Size Calculation
9.	MHASKE SHRIKANT	”Comparitive Evaluation Of Onset, Depth	Approved

		Abutment Level Protocol- An In Vitro Study	
27.	MISHRA SHWETA MUKESH	Comparative Evaluation Of Efficacy Of Recent Denture Adhesive In The Form Of Powder, Cream And Strip With Conventional Denture Adhesive: A Single Blinded Randomised Clinical Trial	Approved
28.	SHENDE YOGINI RAJU	Comparative Evaluation Of Castability With Varying Percentagesof Re-Casted Cobalt-Chromium Alloy Using Ring Casting Technique And Ringless Casting Technique: An In Vitro Study	Approved

SHORT STUDIES

SR. NO	NAME	TOPIC	REMARKS
1.	Pandhare Vaishnavi Govind	Early detection of osteoporosis over age of 35 using orthopantomography	Approved
2.	Kajgunde Abhijeet Dattatay	Morphometric evaluation of soft palate in oral submucous fibrosis using cephalometric evaluation.	Approved
3.	Kamble Prerna Gaoutam	Age estimation using Demirjian's method, Nolla's Method and Foti's method: A comparative study	Approved
4.	Bageshwar Monika	Analysis of alveolar bone dimension and extension of bone height into nasal region in the maxillary esthetic	Approved

		zone in relation to immediate implant placement- a CBCT based student	
5.	Bhise Yogeshwari Subhashrao	Evaluation of correlation b/n vertical dimension of occlusion and the length of ear, nose, index finger and little finger; an anthropometric study	Approved
6.	Gole Abhishek Anilrao	Patient perceptions on the acceptance of dental implants as a replacement options for missing teeth in population of Maharashtra: An observational study	Approved
7.	Tupate Mayur Dinkar	Associations of tooth shade value with age, gender and colour of sclera in general populations	Approved
8.	Vaikunthe Prashansa Bholapuri	Assesment of saggital root position and alveolar bone concavity in mondibular anterior tooth region for immediate implant placement a CBCT based study	Approved
9.	Dr. Sayalli	The cortical bone thickness as correlated to cancellous bone density at edentulous sites receiving dental implants	Approved
10.	Ms Sejal	Evaluating the effects of chlorhexidine & vitamin C mouthwash on oral health in non surgical periodontal therapy: A randomized contoured clinical trial	Approved
11.	Ms Diksha	Evaluating the effects of chlorhexidine & vitamin C mouthwash on oral health in non surgical periodontal therapy: A randomized contoured clinical trial	Approved
12.	Dr. Raghvendra Metri	Comparative evaluation of clinical outcomes and C-reactive protein levels in non surgical periodontal	Approved

		therapy with and without multi-nutrient supplements A randomized clinical controlled trial	
13.	Dr. Sawal Sandip Kala	Comparative clinical & radiographic evaluation of minimally invasive non-surgical & conventional non surgical therapy in treatment of periodontal intrabony defect: A randomized clinical Trial	Approved
14.	Autade Diksha Dattatray	Comparison of multislice computed tomography Hounsfield units to gray scale value on cone beam computed tomography with different field of view.	Approved
15.	Dr. Snehal	Effects of Amoxicillin and metronidazole as an adjunct to scaling and root planning on HbA1c level in patients with stage 2 periodontitis and type 2 Diabetes : A Randomized controlled trial	Approved
16.	Dr. Priyanka	Analysis of cone Beam computed tomographic scans for incidental and pathological findings and its histopathological correlation.	Approved
17.	Dr. Abhay	Prevalence of periapical pathologies on IOPA in patients visiting Oral Medicine and Radiology An Observational Intraoral Radiographic study	Approved
18.	Dr. Yogini Raju Shende	Comparative evaluation of castability and occlusal wear with varying percentages of re-casted Cobalt – Chromium alloy using ring casting technique and ring	Approved

		less casting technique: An in vivo study.	
19.	Dr. Kamesh Subhash Bhamare	Comparative evaluation of antibacterial efficacy and cytotoxicity of silicon coated preformed stainless steel crowns of non-coated stainless steel crowns.	Approved
20.	Dr. Mansi Badrinayayanji Bhakkad	Comparative evaluation of effect of calcium hydroxide modified with nano silver, calcium hydroxide modified with nano grapheme oxide and calcium hydroxide as a intracanal medicament on surface of radicular dentin	Approved
21.	Dr. Vaidehi Vilasrao Domale	Chitosan boosted biocidine : A Tri-dimensional analysis of superior sealing, strength and fluid resistance in furcal repair	Approved
22.	Dr. Shraddha Nagnath Kasture	Assessment of antimicrobial efficacy and cytotoxic potential of silver nanoparticle – reinforced zinc oxide eugenol obstructing material for use in primary teeth.	Approved
23.	Dr. Shreya Avinash Puri	Comparative evaluation of the antimicrobial efficiency and shear bond strength of hydrophilic and hydrophobic resin – baled sealants after enamel deproteinization using ficin.	Approved
24.	Dr. Balaji Mahadeo Gawade	Comparative evaluation of antimicrobial efficacy of cocoa bean husk extract of pomegranate and chlorhexidine mouthwashes against salivary streptococcus mutans and streptocococcus salivarius in children of age 8-10 years: An ex. Vivo study	Approved
