## IIC self-driven activity

Organized by IPR CELL MIDSR Dental college and Hospital, Latur

### Title

**From Idea to Patent : Navigating IPR for Dental Innovations**

#### **Event Details:**

- **Organized by:** IPR Cell, MIDSR Dental College
- **Date:** 12th April 2025
- **Speaker:** Dr. Raghvendra Metri, Professor and Head, Department of Periodontology, Maharashtra Institute of Dental Sciences & Research (Dental college), Latur
- **Venue:** Main Lecture Hall
- **Participants:** 87

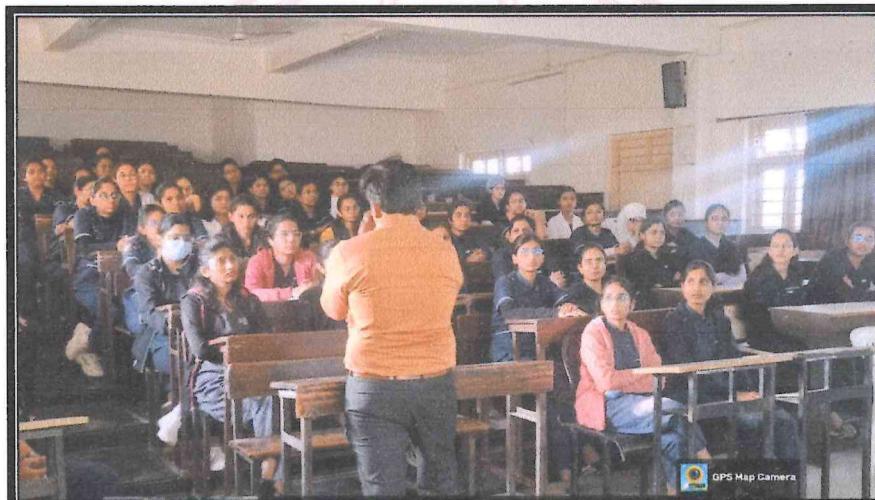

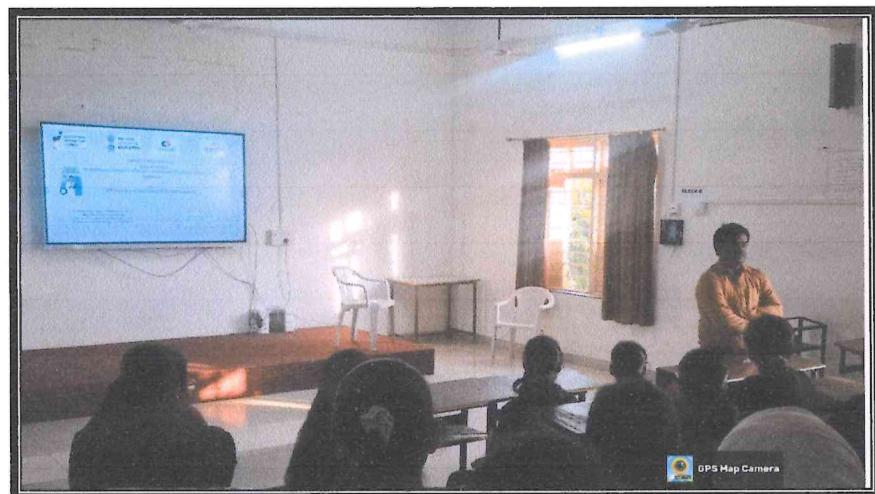

In accordance with the objectives of promoting innovation, research awareness, and intellectual property protection among dental professionals and students, the program titled "*From Idea to Patent: Navigating IPR for Dental Innovations*" was successfully organized by IPR Cell in association with the Institution's Innovation Council (IIC).

The program focused on guiding participants through the complete journey of transforming a dental idea into a legally protected patent. Participants, including faculty members, postgraduate students, interns, and researchers, were introduced to the fundamentals of Intellectual Property Rights (IPR) with special emphasis on patents relevant to dentistry.

The resource person elaborated on key aspects such as identifying patentable dental innovations, novelty and inventive step criteria, prior art search, documentation, patent drafting basics, and the patent filing process in India. Practical examples related to dental materials, instruments, clinical techniques, digital dentistry, and research-based innovations were discussed to enhance understanding.

Interactive discussions addressed common challenges faced during patent filing, ethical considerations, commercialization opportunities, and the role of IPR in protecting clinical and academic innovations. Participants were encouraged to recognize innovation potential in their routine clinical practice and research activities.
