Report

Topic: DENTAL MANAGEMENT OF MEDICALLY COMPROMISED PATIENTS.

MIDSR Dental college, Latur in collaboration with DOCPLEXUS arranged a webinar on “Dental Management of Medically Compromised Patients” on 09/09/2025 at 11:00 am Speaker Dr. PunamNagargoje, Reader, Dept of Oral and Maxillofacial Surgery, MIDSR Dental college, Latur.

Venue: Virtual Mode. (Zoom)

1) Introduction:

Medically compromised patients—such as those with cardiovascular disease, diabetes, bleeding disorders, organ transplants, or immunosuppression—pose unique challenges to the dentist. Their systemic health influences treatment planning, drug selection, anesthetic choice, and even the timing of procedures. Careful evaluation of the patient’s medical history, consultation with physicians when necessary, and modification of dental procedures are essential to ensure safe and effective management. Thus, dental management of medically compromised patients emphasizes a holistic, patient-centered approach, prioritizing safety while addressing oral health needs.

The webinar started by 11:00 am . Dr. Abhay Kulkarni welcomed all delegates Total 52 participants attended the program (7 faculties and 42 students and 3clinicians) introduced the speaker and gave vote of thanks. Dr. PunamNagargoje gave a brief insight and even had an interactive questionnaire session. The webinar was appreciated by many persons in the chat box.

- 2) **Objectives:** - To highlight the manifestations and management of medically compromised patients.
- 3) **Overview of programme:** Medically compromised conditions are the part of routine dental practice. To understand the condition, ongoing treatment and modifications of the dental procedures according to the same requires thorough understanding of the condition. Dr. Punam Nagargoje highlighted all the conditions according to the systems covering clinical ,radiological aspects of the diseases and all the modifications which were required for dental surgeon in routine dental practice. The programme was appreciated by all and the interactive session at the end of activity along with discussion made all the concepts clear to all attendees.
