**Action Taken Report For webinar on 'Ozone Dentistry and Prosthodontics
consideration in Implantology' 2025**

Sr. No	Details of Event	Particulars
1	Name of the Department/Committee	Research and Innovation cell in collaboration with Dept. Prosthodontics & Crown and Bridge, MIDSR Dental College, Latur
2	Types of Activity	Webinar
3	Title of the Activity	Ozone dentistry and Prosthodontic considerations in Implantology.
4	Dates or Duration (From.... To....)	15-08-2025 (3.00 - 5.00 P.M)
5	Guests / Judges (Name and designation)	Dr Sudhir Dole Dr Sakshi Ahuja Dr Shashi Patil (Speaker) Dr Pratik Parkarwar (MSDC Representative and Observer)
6	Venue of the Event	Virtual Mode (Google Meet)
7	Sponsor/Collaboration (if any)	DOCPLEXUS

8	Other Major Staff/student/Institution involved in the organization of the activity	Dr. Abhay Kulkarni Dr. Pravin Marure Dr. Yogesh Nagargoje Dr. Bipin Mule Dr. Vidya Vaybase
9	Level of the Event (encircle): - International/National/State/University/District/College/Department etc.	National Level Activity
10	Beneficiaries/Participants (Type/Number, etc.) :-	55 (Students / Faculties)
11	Purpose/aim/objective and outcome of the event	To highlight the aspects of Ozone dentistry and prosthodontics in implantology
12	Report / Any other information / comment / qualitative remarks: -	Copy Attached
13	Photographs with captions submitted	Copy Attached
14	Evidence produced (Notice, attendance list, Certificate, letters, newspaper cuttings etc.): -	Copy Attached
15	Name of Chairman	Dr. Abhay Kulkarni

DEPARTMENT OF PROTHODONTICS CROWN AND BRIDGE

**Report For webinar on Ozone Dentistry and Prosthodontic Considerations In
Implantology**

MIDS R Dental college, Latur in collaboration with DOCPLEXUS arranged a webinar on "Ozone dentistry and prosthodontic considerations in implantology" on 15/08/2025 at 3:00 pm Speaker Dr. Shashi Patil ,Professor ,MIDS R Dental college, latur and Dr Sudhir Dole Pioneer speaker, Founder of Ozone dentistry in India.

Venue: Virtual Mode. (Google meet)

Event details:

A) Introduction:

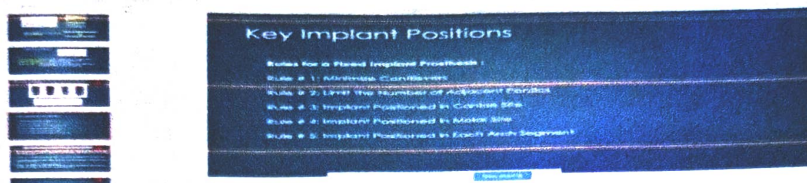

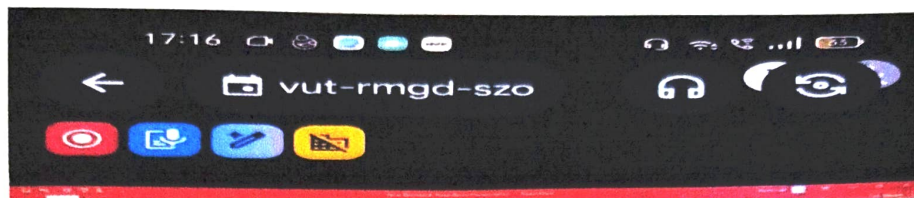

The webinar started by 3:00 pm . Dr. Abhay Kulkarni welcomed all delegates Total 55 participants attained the program (9 faculties and 43 students and 3 clinicians) introduced the speaker. The webinar was appreciated by many persons in the chat box. The integration of ozone therapy into modern dental practice has opened new frontiers in minimally invasive, biologically driven treatment protocols. Ozone (O₃), a triatomic

molecule known for its potent oxidative and antimicrobial properties, has gained traction across various dental disciplines—including restorative dentistry, periodontics, and increasingly, implantology. Its ability to modulate inflammation, enhance wound healing, and promote osseointegration makes it a promising adjunct in implant-based rehabilitation.

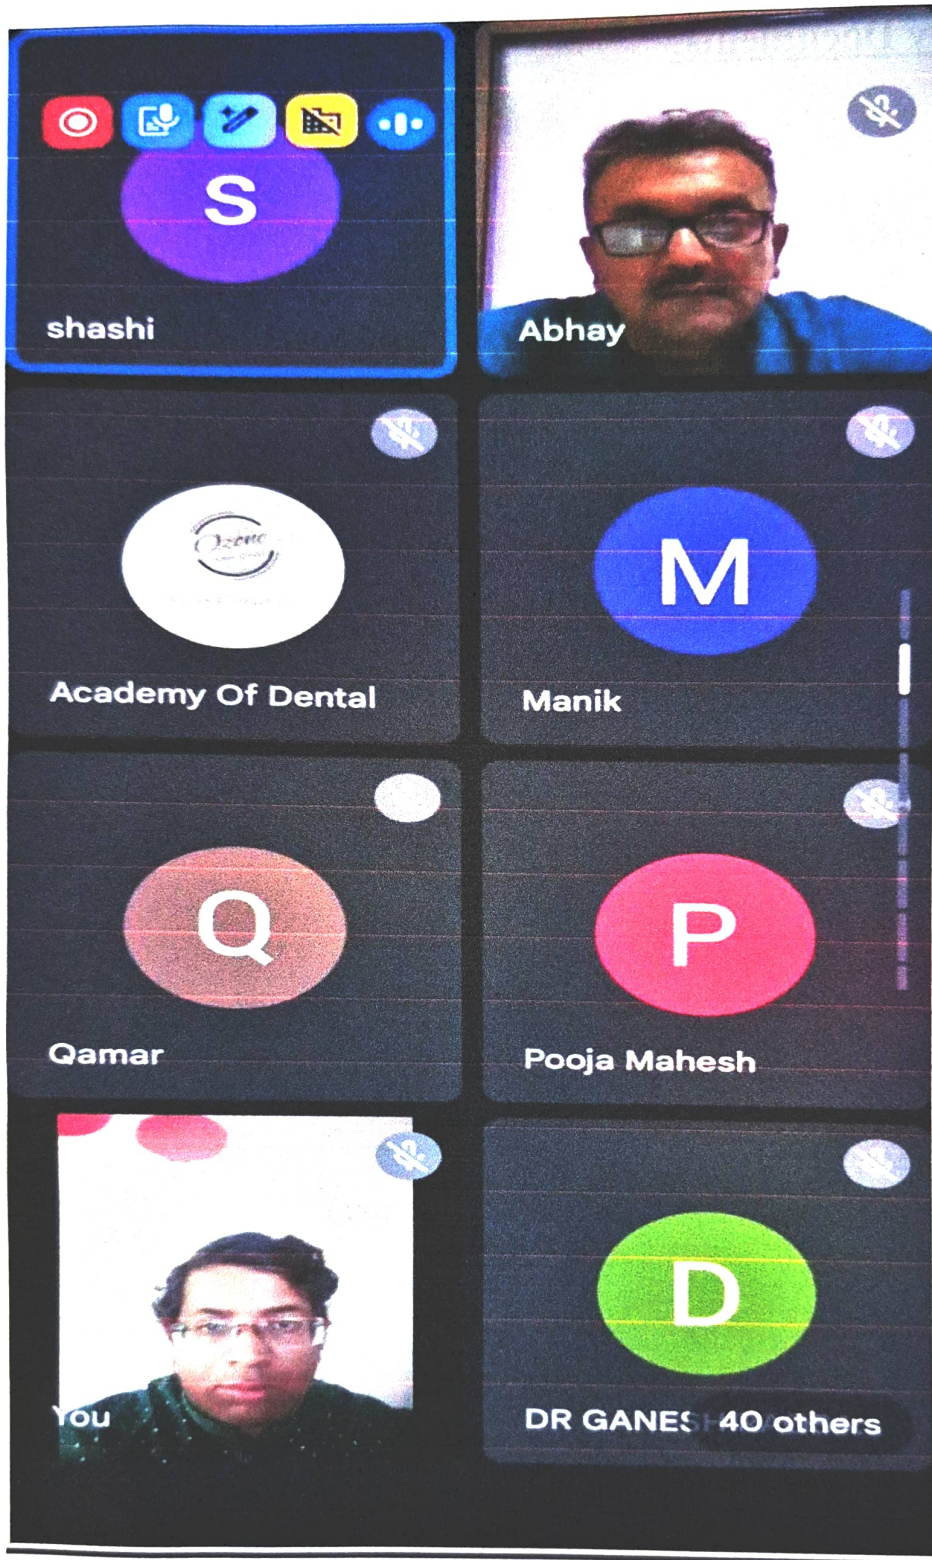

In the realm of prosthodontics, where precision, biocompatibility, and long-term stability are paramount, ozone therapy offers unique advantages. From pre-surgical site decontamination to post-operative maintenance, ozone can support peri-implant tissue health and reduce microbial load without contributing to antibiotic resistance. Moreover, its application in managing peri-implantitis and improving implant surface bioactivity aligns with the evolving emphasis on biologically driven prosthodontic protocols.

Permission Letter

Date : 12/08/2025

To,

The Principal,

MIDSR Dental college, Latur.

Subject: Permission to organize the webinar on ozone Dentistry and Prosthodontic Consideration In Implantology.

Respected sir,

With due respect, we request you to give permission to organize 1hr webinar on “ Ozone Dentistry and Prosthodontic Consideration In Implantology” on 15/08/2025 at 3pm speaker Dr Shashi Patil, Professor MIDSR Dental College, Latur and Dr Sudhir Dole Pioneer speaker, founder of ozone dentistry in India.

We kindly seek your approval to proceed with necessary arrangements conducting this academic program.
